

Description

Solar bench is a great addition to your urban furniture. It is more than just any bench. It is a smart-designed bench that enables all people to charge their devices. Anyone can relax on this bench, enjoy 4G/5G Internet and simultaneously charge their phone or tablet. Comfort and design meet sustainability

Solar Benches are Great Social Spaces:

If you are eager to make your urban furniture greener, a solar bench is a great innovative solution. It functions solely on clean solar energy; this energy gets stored and is available to you everyday. Working, studying, or just relaxing, it can all be done on this modern bench that features both wireless chargers and USB ports. Everyone will be able to chill and sit comfortably.

This Particular Bench Meets Your Needs:

It is available in every RAL colour, so you can pick any colour to match your city or company colours. It has tons of features and is easily placed – ready to use in no time! To get an idea of what it looks like in real life. This type of bench is weather- and vandalism proof and we'll only have to check it once a year.

Project For

- Parks
- Pavements
- City squares
- Train stations
- Bus stops
- Amusement parks
- University campuses
- Business parks
- Shopping centres

WiFi:	4G for all kinds of networks, 150Mbps. 2-25M. Over 15 users available.	Package:	Stretch film/ PE foam/ Carton

Description

Solar bench is a great addition to your urban furniture. It is more than just any bench. It is a smart-designed bench that enables all people to charge their devices. Anyone can relax on this bench, enjoy 4G/5G Internet and simultaneously charge their phone or tablet. Comfort and design meet sustainability

Solar Benches are Great Social Spaces:

If you are eager to make your urban furniture greener, a solar bench is a great innovative solution. It functions solely on clean solar energy; this energy gets stored and is available to you everyday. Working, studying, or just relaxing, it can all be done on this modern bench that features both wireless chargers and USB ports. Everyone will be able to chill and sit comfortably.

This Particular Bench Meets Your Needs:

It is available in every RAL colour, so you can pick any colour to match your city or company colours. It has tons of features and is easily placed – ready to use in no time! To get an idea of what it looks like in real life. This type of bench is weather- and vandalism proof and we'll only have to check it once a year.

Project For

- Parks
- Pavements
- City squares
- Train stations
- Bus stops
- Amusement parks
- University campuses
- Business parks
- Shopping centres

Solar Bench

- 
POWER
 - Power supply: Solar panel
 - Output voltage: 80 V
 - Electricity output: 5,3
- 
BATTERY
 - Battery type: AGM
 - Voltage: 12,6 V
 - Cell type: AGM
- 
USB
 - Number of USB-ports: 4
 - Charging voltage: 5 V
 - Charging current: 2A
- 
EVERY COLOR
 - Standard RAL-color: 9010
- 
QI WIRELESS CHARGING
 - Number of charging spots: 2
 - Charging voltage: 5 V
 - Charging current: 2A
- 
INTERNET
 - Internet connection: through 4G-WiFi router (excl. Internet subscription)
 - Reach internet: 10-20 meters around the solar bench
- 
COOLING
 - Cooling of the seating surface through air cooling
- 
LIGHTING
 - Type LED: 5630SMD LED
 - Colors available: white, blue, green, red
 - Consumption: 1W
